pepsi Now!

*Dr. Gerald Tomanek
President*

The Number One Fan of Fort Hays State University is . . .

Dr. Gerald (Jerry) Tomanek. Dr. Tomanek and his lovely wife, Ardis, are virtually permanent fixtures at Tiger home football and basketball games. The couple also attend many road contests as well.

Since 1947, Dr. Tomanek has been a part of Fort Hays State University serving in several capacities. On January 17, 1976, Dr. Tomanek was named the seventh President of Fort Hays State University. Dr. Tomanek holds two degrees from the University and has his doctorate in Botany from the University of Nebraska.

Several honors have been bestowed on the expert of grassland ecology and range management. The highest

of which came in the early spring of 1979 when Governor John Carlin decreed Dr. Tomanek as "Kansan of the Year".

Dr. Tomanek recognized the need for strong academics and the need for excellent administration in an institution of higher learning. The President knows also the importance that athletics can play in institutional success.

"I am very proud of our total athletic program, and it is an integral part of our total university," said Dr. Tomanek. "Young men and women are very fortunate to participate in intercollegiate athletics and can learn valuable lessons like friendship and teamwork in a way that will enhance their horizons."

*Tom Stromgren
Athletic Director*

Tom Stromgren is in his third year as Director of Athletics at Fort Hays State University.

Lured by a desire to return to FHSU and the "challenge to see Fort Hays State grow into one of the best NAIA schools in the nation," Stromgren was named the Tigers' current Athletic Director in July, 1981.

For Stromgren, the appointment was a triumphant return to the school where his coaching career had ended 10 years earlier. Before coming to Fort Hays State in 1969 as the Tigers' Head Football Coach, Stromgren had earned his Master's degree at the Kansas State Teachers College of Emporia. After leaving the college setting in 1971, Stromgren entered private business and had enjoyed that venture for 10 years.

The last two years, as Athletic Director, Stromgren has been instrumental in implementing the Tigers' Foster Parent and Academic Counseling Programs. In addition, he has overseen the Lewis Field Stadium housing renovations and worked to steadily increase the number of season ticket holders at FHSU.

Always an innovator, Stromgren possesses integrity, enthusiasm, fund-raising skills, a successful business background and a knowledge of western Kansas, which has enhanced both Tiger Athletics and Fort Hays State University.

Besides being able to save you money on the initial construction of your next building, we can help you avoid high utility bills and potential shutdowns through proper application of insulation.

We give you certified (not calculated) insulation values for installed roof and wall systems. So you know before you build your building how it will perform.

Our MR-24⁺ roof system is the most energy efficient in the world. It is designed to keep the elements out. And expensive heated or cooled air in.

We also offer you numerous attractive, yet energy-efficient wall options.

With utility costs rising, there's never been a more important time to have a builder who knows energy planning. Call us.

"THE STATION WITH THE SPORTS"

TIGER BOOSTER CLUBS

Contributors to the Fort Hays State University athletic program can join one of several booster clubs depending on the amount of their contribution.

The Black and Gold Club is for contributions of \$5 to \$99. Features of this club include a membership card entitling holder admittance to Tiger Rooms, schedules of athletic events, the athletic newsletter, priority on purchase of football and basketball season tickets and special events and travel.

A \$100 to \$499 donation enables contributors to be classified as Century Club members. Besides the above-mentioned features, members receive a plaque with name, reserved parking space at athletic events, name listed on Athletic Board and a card decal.

All-American Club status is achieved with a contribution of \$500 to \$999. Club members, in addition to the features of the Century Club, are entitled to varsity brochures, VIP parking, coaches letters and after-game parties.

The highest level of membership is the President's Club for contributions of \$1000 or more. President's Club members have top priority on purchase of football and basketball season tickets, VIP parking, and are eligible for all the features of the other clubs.

Another popular booster club at Fort Hays State University is the Tiger Beef Club. Membership in the Beef Club is awarded to interested boosters who contribute a steer or cash (\$250 or more which is used to buy a steer) each year. Proceeds from the sale of such livestock go directly into the department's budget. Beef Club Members receive similar benefits as do members of the Century Club.

'83 COACHING STAFF

JIM GILSTRAP
Head Coach

Jim Gilstrap . . . Head Coach

Jim Gilstrap enters the 1983 campaign as one of the Tigers' most successful football coaches in recent history. Under his guidance, FHSU has posted back-to-back winning seasons (1981 = 6-5; 1982 = 6-3-1 which is a feat that hadn't been matched since 1966.

The popular South Bend, Indiana, native came to Fort Hays State in 1980 as an assistant coach. In 1981 Gilstrap was promoted to head coach, replacing Bobby Thompson. In the transaction, Gilstrap became FHSU's 16th head football coach.

Prior to coming to FHSU, Gilstrap served two seasons as offensive line coach at Western Michigan. He also has coaching experience at Kansas State, Edinboro State, Illinois State, Case Western Reserve, and Culver Military Academy. The past summer he was selected to coach the defensive line of the Saskatchewan Roughriders in their pre-season camp.

Gilstrap holds a Masters degree in Education from Southern Illinois and his Bachelors degree from Western Michigan in English and Physical Education.

FORT HAYS STATE vs ADAMS STATE COLLEGE

Coach Jim Gilstrap and his Tiger football squad kick-off their 1983 home schedule tonight against the Adams State College Indians from Alamosa, Colorado. Heading into the third contest between the two schools, the series record is split at one game apiece.

The initial game between FHSU and Adams State was played in 1977 while the most recent contest was played in 1978 at Alamosa. In that contest, the Indians defeated FHSU 9-6.

Opening their 1983 campaign on the road last weekend in Jefferson City, Missouri, FHSU posted a 14-6 victory over Lincoln University to move their record to 1-0. Scoring highlights from the contest included a 28-yard touchdown pass from Robert Long to Ralph Humphrey and a 44-yard run by Terry Thomas. Mike Ellsworth was successful on both extra-point attempts.

While tonight's game marks the Tigers home opener, it will be the Indians first appearance in 1983. Last season Adams State posted a record of 3-4-2 while competing in the Rocky Mountain Conference.

Once again, the Tiger football team would like to take this opportunity to thank tonight's guest coaches for their help and assistance on the sidelines. They include Dr. James Costigan (Chairman Department of Communication) and Dr. Ed Steno (Professor of Education).

THE CSIC AT A GLANCE

SEPTEMBER 10, 1983

FORT HAYS UNIVERSITY PRESENTS

Dallas Cowboys Cheerleaders™

You've seen them on television and heard about them for years. They are known as the most beautiful pom pom squad in America and when they cheer their team, they really get the attention of the crowd.

We're talking, of course, about tonight's halftime entertainment, The Dallas Cowboys Cheerleaders.

The Cheerleaders are in Hays under the joint sponsorship of the Heritage Savings Association of Hays and Fort Hays State University. The group arrived on Friday and gave a benefit performance in Gross Memorial Coliseum. Monies generated will be used for academic and athletic scholarships.

Earlier today the Cheerleaders were guests at a V.I.P. breakfast and staged an autograph session here at Lewis Field stadium.

The Cheerleaders squad you will watch this evening consists of 32 ladies whose occupations run from housewives, to teachers, college students, secretaries, nurses, journalists, and other professions. They are all over 18 years of age, high school graduates and must either be going to college full time or have a full time job.

Being a Cheerleader means a great deal—one Cheerleader passed up her graduation exercises so she wouldn't miss a game. When the girls' dean and the Cowboys learned about the conflict, they arranged a most unusual pre-game show before 65,000 people at the game in Dallas. Dressed in cap and gown over her uniform, the Cheerleader received her master's degree in education.

There are many precautions taken to protect the image of the Cheerleaders as a whole and as individuals. "People want a clean, American, apple pie image," says Suzanne Mitchell, Cheerleaders Director. "They want someone to look up to, someone who's upfront and first-class. The Cowboys Football organization has always had that kind of image and our Cheerleaders are a reflection of that image."

The Dallas Cowboys Cheerleaders make over 200 charitable appearances a year throughout the United States, as well as in their own community of Dallas/Ft. Worth. The visit V.A. hospitals, childrens hospitals, nursing homes, and help with fundraising drives and benefits.

Though the Dallas Cowboys have always had sideline cheerleaders, the phenomenon as it is today really didn't begin its rise until about seven years ago. In 1972, there were seven Dallas Cowboy Cheerleaders. The first year of open auditions, 1976, saw 250 applicants try their luck and this past year, more than 1,500 young ladies tried out for the squad.

"The DCC's phenomenon lives and grows," says Mitchell. "Their presence has become magic in the world of football. When they enter Texas Stadium, memories of long rehearsal hours in the summer are soon replaced by the exhilarating feeling that all the work was more than worth it when the announcer says... 'Ladies and gentlemen, the internationally acclaimed Dallas Cowboys Cheerleaders!'"

"In an era where there are few heroes, the Dallas Cowboys Cheerleaders continue to capture the imagination of people in all walks of life. Not only are they talented, but they are also willing to give a little extra of themselves," Mitchell said.

Sit back, ladies and gentlemen, and enjoy the football game and the halftime entertainment, the darlings of the National Football League, the Dallas Cowboys Cheerleaders.

**Adding a staff of
ten thousand top notch
sales representatives is
neither difficult
nor expensive ...**

... let us show you how!

Your advertising reflects your business. Each ad, brochure or promotional acts as a salesman for you. Therefore, all your printed work should reflect your company's image ... with positive results!

Each time you place an ad or mail a promotional piece, you're sending out a first-rate salesman who is delivering your message ... and that salesman costs just a few cents! There's no training period required, no benefit plan, and no sick leave to worry about.

Where do you go to find this staff of low-cost sales "professionals"?

**At Consolidated Printing,
we have the answer ...**

We are your creative designers
and quality printers

— both for a sensible price.

GO WITH A WINNER

THE OLYMPIAN MAGAZINE

brings you what no other sports magazine in America can. It brings you the inside story on America's Olympic athletes and the preparations for the 1984 Olympic Games, inside and out. You can find out who the Olympic hopefuls are, and what they are doing to get ready for the Run for the Gold in '84.

The World comes to Los Angeles in 1984, and the U.S. Olympic Committee is working day and night to prepare the finest Olympic Team in the nation's history. Thousands of young men and women are training and sacrificing their time and efforts to attain the highest goal in all of sport, an Olympic gold medal.

You can become part of all of this by becoming a member of the U.S. Olympic Society and supporting the U.S. Olympic Committee. You'll receive ten issues of The Olympian, the official, full-color publication of the USOC, during the next year, too.

Your subscription will help to train those American youngsters who have their eyes trained on the 1984 Olympic Games, and help the U.S. Olympic Committee with its job in getting them ready for that effort.

Fill out the coupon in this advertisement and return it with your check for \$19.84 to the USOC, and we'll begin your subscription to The Olympian right away.

Best of all, you'll know you can play a part in helping the United States to Olympic gold in 1984!

National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics at 530 fully-accredited colleges and universities of moderate enrollment. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

HISTORY AND PURPOSE

Established in 1940 as the National Association of Intercollegiate Basketball (NAIB), the NAIA emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City, Missouri. The conversion of the NAIB to the NAIA came in 1952 when the organization expanded beyond just basketball and added national championship events in golf, outdoor track and field and tennis. Football, cross country, baseball and swimming were added to the championship event calendar in 1956, and wrestling (1958), soccer (1959), bowling (1962-78), gymnastics (1964), indoor track and field (1966), ice hockey (1968) and volleyball (1969-1980) were later additions.

Of major significance to the NAIA, was the establishment of the women's division within the Association on August 1, 1980. The NAIA decision to offer competitive opportunities and championships in women's athletics was passed by the membership following two years of study and proposals by an ad hoc committee on the implementation of a women's division into the NAIA structure. Currently, the Association conducts nine championship event programs for women in the sports of basketball, cross country, gymnastics, indoor track and field, outdoor track and field, softball (fast pitch), swimming, tennis and volleyball.

The initial purpose of the NAIA — to provide national championship athletic opportunities to institutions below the so-called "major" level — has indeed been well served. The Association clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the institution. This means direct supervision in caliber of competition, financing of the program and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program is a basic component of the overall general educational process and not an entity apart.

ADMINISTRATION

The governing body of the NAIA is the National Executive Committee, composed of 10 persons elected by the membership. The Executive Committee is responsible for establishing the policies and determining the overall direction of the Association. The Executive Committee hires the Executive Director, who conducts the business and day-to-day operation of the National Office headquartered in Kansas City, Missouri.

The District is the basic unit of the NAIA. The Association is organized into 32 geographical districts spread over the 50 states and a part of Canada. Each District is governed by a District Executive Committee, the chief officer of which is the District Chair. The District Executive Committee establishes a program of championship events in various sports and individual/team champions of those district events are qualified to compete in NAIA Area and National Championship competition.

Eligibility rules within the NAIA govern all play in all sports recognized by the Association, not just post-season play. All eligibility guidelines must be adhered to by all members, including those holding dual affiliation with other associations. Certification of eligibility of all NAIA student/athletes is accomplished through a network of individuals which includes the faculty athletic representative of each institution, the District Eligibility Chair and the National Eligibility Committee.

MEMBERSHIP

Any four-year college or university and upper level two-year institution in the United States and Canada which awards the bachelor's degree or equivalent, may hold active NAIA membership. Active member institutions must be fully accredited by an appropriate accrediting agency or commission.

OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletic programs with the standards of the regulatory Associations in which they hold membership, and the NAIA. They must pay their annual membership dues and be in support of the policies of the NAIA. Where institutional rules and standards are stricter than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.
